Dear parents,

I am writing to let you know that a family in school have been identified as close contacts of someone that has tested positive for coronavirus. The children have been sent home and the family will therefore be required to self isolate for 14 days.

We contacted the national schools advice line immediately who confirm that we have followed all the public health advice and that the correct procedures have been put into place.

To confirm, we have not received a positive case amongst any pupils or staff and there is no need for any further action at this point. I have asked the family to seek tests for the children and as previously mentioned, if a positive case is confirmed for any children or staff, we will of course keep you informed of the situation and if you have any questions or concerns in the meantime please don't hesitate to contact us.

It is important to remember that we are still in the middle of an epidemic so we all need to minimise the risk of spreading it to loved ones.

There are things you can do to help minimise the risk such as not congregating at the school gates at the beginning and end of the day and wearing a face covering when dropping off and collecting children.

I'd like to assure you that the safety of all our children, staff and our community is our utmost priority.

Yours sincerely,

J. Handley
Headteacher
